

# Purpose of Vocational Education Is Explained By Edwin Ahrens

(Text of address given by Edwin E. Ahrens, MDTA Co-ordinator, Hazard State Vocational School, to the Rotary Club at Whitesburg, July 28, 1964.)

Vocational Education began many centuries ago. Being a Bible teacher, I cannot help but bring to your attention that the fathers in Bible times trained their sons in their own craft. So, learning was passed down from generation to generation. We find similar names—Noah taught his sons, Abraham instructed his beloved son Isaac, Jesse trained David as a shepherd, Zebedee taught James and John, and even Jesus learned the carpenter's trade from Joseph.

This "apprentice program" as it has been called has lost out due to the course of human events—mainly wars. Fathers were called to arms in defense of this freedom enjoyed by the citizens of this great nation. Because of these wars, fathers were unable to train their sons. This resulted in several lost generations of trained men.

We should be thankful to men such as Mr. Carl Perkins, Mr. John Sherman Cooper, and others of local and state office, for their interest in these "lost" men. Through the efforts of our congress and business men, vocational training has been developed to become a leading factor in reducing the army of unemployed and unskilled men and women.

In our area of four counties, Letcher, Knott, Leslie and Perry, we have in training nearly a thousand trainees learning various skills to help fill the gap in job opportunities.

Just recently, here in Whitesburg, nearly 50% of those who completed the course in auto mechanics are already employed. This is just a beginning. The possibilities are great towards the relief of the burden on taxpayers.

Men who have worked in the vocational field say that an investment of \$1000 will be absorbed by taxes in five years, through the training given one individual. This will be accomplished by the employer who has supplied the market with more goods, which means he is paying more taxes.

The employee now has greater working capital with which to buy the merchandise. He will also be paying taxes, which he has been unable to do in the past.

This will strengthen our community, our county, our state, and our nation—as individuals are able to support themselves.

Recently in talking with an unemployed father, I discovered that he was quite content with what he was doing. Drawing \$110 per month, plus food stamps, doctor's care, medical help, he could "get along". But this is not the cure for our area. This is a step toward socialism or equality for all. This breeds Communism.

Vocational training can help to relieve this by training men with the talents God has given them. We find several reasons for the need of Vocational Education.

Of those who have completed the course of training pursued, 80% are now employed. I ask you if this is a good investment. Vocational Educators need the support of the local businessmen, individual citizens, county officials, and government

agencies to expand and strengthen our roots in training the men who have been used for the gain of a few. These men have served their usefulness and are now cast-offs.

We complain that the charity rolls are long. Too many men are just loafing. Men, we together can eliminate and reduce in great numbers those receiving aid from governmental sources.

The why to vocational education as I see it, is to improve the motivation for more schooling. One trainee said, "I would not take \$500 for what I have learned in the few weeks of training." Another stated, "I'm going to see that my grandchildren get an education."

Still another said he would see that his children got an education. Others say, "If only I could go back and do it again, I'd stay in school." This challenges us to work harder to train lives of those who recognize the lateness of the hour.

A second reason for having vocational training is that it will help the growth of our communities in many ways—needs for new occupations, inducement of industry, the raising of living standards, desire to become self-sustaining, and introduce a point of pride because of a trained man.

Thirdly, Vocational Education will bring an increase in tax revenue through the buyer, the seller, the manufacturer, the traveler, and the citizens of our communities.

Fourthly, vocational education will relieve the government of the role of playing "Daddy" to many thousands who would like to be self-supporting, but because of circumstances of en-

vironment have been forced to rely on assistance from the county, state, and federal government.

Yes, men, I feel vocational education is here, and it is the link which will decrease the school dropout problem so prevalent in this decade. We can make vocational training a success only if we support it.

It must not be a matter of politics as to the future of vocational education, but rather a combination of American citizens interested in raising up a generation of skilled men who otherwise might be lost in degradation.

Men, you are the keys to the success of Vocational Education, as we promote this training to our neighbors, to follow businessmen, and other fellow citizens of our great nation.

As to the future of Vocational Education, several more classes will be started within a few weeks, although I cannot now say where and define the area of training. I can say the classes that have already commenced and those which are completed are just a beginning, and who can say what the end result will be?

In closing, I want to thank you, gentlemen, and Judge Caudill for allowing me to take part in your program. Together, let us build a respected, self-supporting community, county, and state, and a stronger nation to resist infiltration of Communism or any other "ism" which tries to undermine the freedoms enjoyed by you and me and countless fellow Americans.

## Anti-Poverty Bill Project Teams Formed By Governor Breathitt

Governor Edward T. Breathitt has announced the creation of nine teams of State agencies and has directed them to begin immediately to draft suggested Kentucky projects in their own fields that can qualify for federal funds under the new economic-opportunity act known as the antipoverty bill.

Although each state's allocation under the \$947.5 million federal act has not been determined, Breathitt said Kentucky should receive a minimum of \$20 million.

In Kentucky, the program will:

- Create a job corps of young Kentuckians whose background, education, and health make them least fit for work.

"Youths 16 to 21 will be provided with education, vocational training, useful work experience, and other appropriate activities," he said.

- Establish a work-training program to enable youths to resume, or continue their high-school education or to increase their employability.

"Both the job training and work-training programs will provide Kentucky with several million dollars, but the exact amounts have not been determined," Breathitt said.

**Work-Study Plan Set**

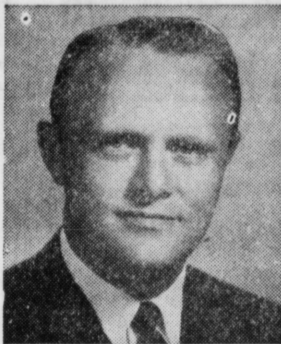

- Initiate a work study program for part-time jobs for young Kentuckians who do not go to college because they cannot afford it. Kentucky's allocation for this is \$1,464,000.

- Institute community action programs for projects in fields such as health, welfare, job training, vocational rehabilitation, housing and home management, and adult education.

"These programs are designed to mobilize and utilize public and private resources to fight poverty on the local level," Breathitt said.

Kentucky's share for these programs—which are on a 90-to-10 matching basis—is estimated to be from \$4.5 to \$7 billion, the Governor went on, with \$653,000 allocated for audit education for persons with fifth-grade schooling or less.

"We are ready to begin this

Governor Edward Breathitt

program in September, utilizing existing school buildings and teachers, if the go-ahead is given," Breathitt said.

Create special programs to combat poverty in rural areas and raise and maintain the income and living standards of low-income families. Loans of up to \$2,500 to improve farm operation will be possible under this phase of the act.

Provide authority to make, participate in, or guarantee loans of up to \$25,000 to small business on more liberal terms than now allowed by the Small Business Administration.

### Combs' Life Stories

In planning a special edition on August 27, for the Combs Reunion, the Hazard Herald would like to publish a small biography of any Combs or Combs by marriage who is 70 years old or older. Also short biographies of deceased Combses who were well known to the general public will be used. Send any biography to Hazard Herald, Box 869.

## ARH Employees Retain Present Salary Status

Appalachian Regional Hospitals, Inc., and District 50 of the United Mine Workers have agreed to keep in effect present wage rates for nonprofessional workers in the five Eastern Kentucky hospitals ARH acquired last year.

Dr. Karl S. Klicka, president of the nonprofit ARH, which acquired the Hospitals from the union's Welfare and Retirement Fund, had sought a two-percent wage decrease for the employees. The pay cut was to assure continued operation of the hospitals, he said.

The hospitals had sought the pay reduction in the contract covering about 300 workers in the initial group of hospitals acquired and also in the new contract to be negotiated for workers in the second group of hospitals.

The agreement provides that the contract covering the hospital at Hazard, Middlesboro, Harlan, McDowell, and Whitesburg, will remain in effect until December 31, 1967, its expiration date.

## Landowner Files Petition Protesting Northern Urban Renewal Project

A petition protesting the Northern Urban Renewal Project has been filed with the Hazard Board of Commissioners by J. O. Harper, a landowner in the proposed renewal area.

The Board will meet Thursday to discuss the petition.

Under present laws, the petition will have to be accepted because it contains signatures of more than 25 percent of those who voted in the last mayor's election, the only ones who are eligible to sign such a petition.

Since there were 2,150 eligible signees, it would take approximately 530 signatures to validate the petition. Harper has accumulated 830.

## Yerkes Woman Stabbed To Death By Male Friend

A 49-year-old Yerkes woman was stabbed to death Friday, reportedly by her boy friend, who then attempted to take his own life.

Mary Baker was dead on arrival at the Appalachian Regional Hospital. She had been stabbed three times in the chest.

Her accused attacker, Caria Hall, also of Yerkes, was found several feet from the Baker woman with self-inflicted, multiple wounds of the chest. He was reported in serious condition.

The slaying took place at the Junior Couch residence about one mile north of the Yerkes postoffice. Mrs. Baker lay approximately 30 feet from the kitchen door and Hall a few feet away near the gate.

Kentucky State Police investigated the murder.

## Napier Graduate Attending Moral Rearmament Meet

A 1963 graduate of M. C. Napier High School, Betty Sue Campbell, is a delegate from Kentucky to the Moral Rearmament Conference at Mackinac Island, Michigan.

She is one of over 1,000 high school and college students from other countries, who have gathered there because they are deeply concerned with the future of this nation.

While there they will learn the problems which confront our nation because of the lack of character and the slipping of moral standards.

Betty Sue, sponsored at the conference by Hazard businessmen Willie Dawahare, Henry Spaulding, and A. R. Barber, will lead a Moral Rearmament force into Hazard on August 25. She is a resident of Yerkes.

## River Fill Violation Charged By Officials

A civil action suit for damages and restoration of property has been filed against the Hazard Investment Corporation, owners of the former Bingham property at the intersection of East Main and Maple Streets, in the Perry County Circuit Court Clerk's office today.

The suit was filed by the 104.441, is \$1,000 for each sepe will probably be tried before Commonwealth of Kentucky; rate day's violation, not to exceed the September term of the Commonwealth of Kentucky, exceed \$7,000 in total. The case Perry County Circuit Court.

Department of Natural Resources; Attorney General Robert Mathews; and Perry County Judge Babe C. Noplis.

The action, according to officials, is for the filling in of the North Fork of the Kentucky River behind the property of the Hazard Investment Corporation of which Bruce Stephens, Jr., is the residential agent.

The suit stated that the dumping of dirt, rocks and other materials at the property will be a future threat of flood to the citizens.

Penalty for conviction of such a charge, as stated in KRS

## Residents of Carrs Fork Meet Tonight

There will be a meeting tonight for residents of Carr's Fork at the Carr Creek Elementary School at 6:30.

Col. Roper and other members of his staff from the Louisville office of the U. S. Army Corps of Engineers will be present to answer any questions and to discuss the forthcoming reservoir and dam, and its effects on the community.

## Appalachian Bill Blocked In House Rules Committee

The ambitious federal plan to invigorate the poverty-stricken regions of Appalachia was blocked and probably killed Friday by Rep. Howard Smith, Virginia, the chairman of the House Rules Committee.

He stopped the Committee from granting the clearance the bill must have if the House is to vote on it this year. It was a painful defeat for the Johnson Administration, which had hoped till the last Congress before adjournment at the end of the week.

Smith apparently decided to use the bill as pawn to promote his own project to strip the federal courts of their jurisdiction over state reapportionment cases.

Being the chairman of the Committee, he can postpone discussion on the bill for a period long enough to allow this session of Congress to slip by the calendar.

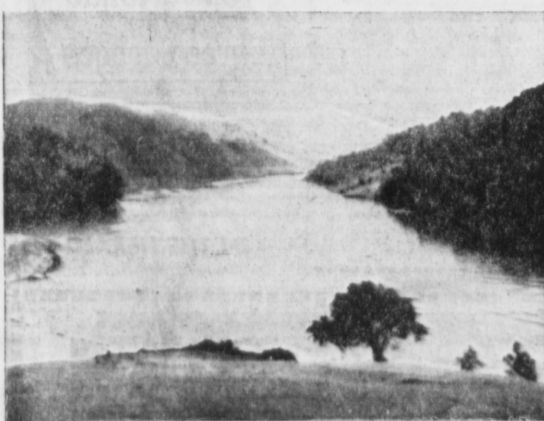

The President still has a hole

card to play. If Smith sticks to his guns and Congress adjourns without action on the Appalachian bill, Johnson could call Congress back into session after the Democratic National Convention.

"That," said Rep. Carl Perkins, "is exactly what I hope the President will do."

In a telegram to the House Rules Committee, Gov. Edward Breathitt said it would be a "great tragedy" if Appalachian citizens had to wait until next year to improve their economic conditions.

"It would be particularly cruel if they are forced to live through another winter in their present condition of destitution and hopelessness," he said.

## Buckhorn Lake Lodge Is Formally Dedicated Friday, Aug. 14, Before Huge Throng of Interested Area Residents

Pictured above are scenes from Friday's dedication of the Buckhorn Lake Lodge. Approximately 500 people attending the dedication and 100 stayed for the buffet that followed. The scenes are, from left to right, first, a picture taken from the back veranda of the lodge looking up the left fork of the lake. It shows the serene beauty that many tourists will find attractive and restful. Second is a shot of Governor Breathitt as he made his address. The Governor highly complimentary of the lake development and of other Kentucky state parks. He forecast an increase of two million people in attendance at such parks this year, adding that Kentucky has the outstanding park system in the nation at this time, and efforts to improve it even more are underway. Third, State Park Commissioner Robert D. Bell is shown as he introduced various prominent citizens who sat on the platform. Mr. Bell said he was quite pleased with Buckhorn Park and was surprised somewhat by the turnout to see the dedication. He felt it was the largest he had seen at any state lodge dedication. Fourth, another picture taken from the back veranda, this time looking up the right fork of the lake, catching members of the Buckhorn Water and Ski club in action as they entertained the crowd with an exhibition of water skill.

# Miss Carlburg To Be Treated For Cancer

By Edith Felner

Our many thanks go to Mr. Wiley Couch who has trimmed bushes and trees, opened culverts and dug ditches along the Typo road this summer.

Mr. and Mrs. Manuel Couch of Cincinnati have been here over the weekend visiting Mr. Couch's parents, Mr. and Mrs. Wiley Couch.

We are very proud of our new neighbors in Typo. They are Mr. and Mrs. Carl McIntosh and their two children, Darlene and Denise.

Mr. Kenell Felner also, Leo Felner and his son Teddy have almost completed a beautiful home on little Willard. The home belongs to Mr. and Mrs. Bobby Cornett of Combs.

Mr. Bill Johnson has raised a big mellow patch. Seems as if they are all about to rot so the battle to feed the pigs is getting the best of them.

Peed and Goldie Combs of Ajax were down to visit the Felners last Sunday.

Miss Violet Luckhand of Hyden was over to visit Mr. and Mrs. Jim Fields Sunday.

Mr. Hayden Fields has been hauling some of this old rich ground out of Typo to put on some of the Rod Combs ground at Hazard.

Ronnie Douglas Hoskins received a bad cut on a camping trip and received surgery and was hospitalized in the Harlan Apalachian Regional Hospital

## NDEA Extension Bill Is Important, Says Sen. Cooper

Senator John Sherman Cooper said today that the National Defense Education Act of 1958, for whose extension he voted last week, is one of the most important bills pending before the House of Representatives.

He called for its final passage in the Congress, declaring:

"I am glad that this bill makes provision for extending these laws through June 30, 1967, so that our school districts can plan their costs and obligations accordingly."

Senator Cooper, a co-sponsor of the NDEA of 1958, added:

"Just as thousands of students and teachers in my own State of Kentucky have already benefitted from existing provisions of the National Defense Education Act, still many others in Kentucky and across the country can benefit from the provisions of this act. Benefits come not only from the teaching of our native language, but also from those other subjects which are so important in helping our young people to learn about the world around us, and in promoting effective citizenship for future generations."

The bill, passed by the Senate, is now before the House of Representatives for final congressional action.

## VA Questions And Answers

Q—As a so-called peacetime veteran am I entitled to any disability compensation from the VA?

A—Yes, such disability compensation is generally 80 percent of the wartime rates. However, if the disability occurred under extra-hazardous conditions wartime rates apply.

Q—Are veterans ever required to pay for care received in Veterans Administration hospitals?

A—The circumstances under which a veteran might be charged for care received in a VA hospital arises rarely. It is possible that a veteran admitted to a VA hospital, is later determined not to have legal entitlement. In such a case the veteran would be billed for the care. Also a veteran may be ad-

mitted for injuries sustained in an automobile or industrial accident and "third party" liability determined later. If the veteran is awarded damages based wholly or in part on the cost of his medical services involved, the VA may seek payment.

Q—When I am discharged from the service, will I be entitled to any pension from VA?

A—Pension benefits are available to veterans who are permanently and totally disabled from causes not attributable to their military service provided they have had 90 or more days active service any part of which was served in wartime, or if they were discharged for disability. The veteran must also meet certain income limits. Get in touch with the nearest VA regional office to get further details.

## Indiana Governor's Trophy Race Set For Sept. 5

Madison Regatta officials are preparing for the final 3 weeks of activity leading the 17th annual water carnival on the Ohio River featuring the 13th annual running of the Indiana Governor's Trophy Race.

With the huge gold cup hydroplanes racing through five regattas to date without any major accidents, Race Chairman Richard Davidson is looking for this year's field to be the biggest in Madison Regatta History.

Only two of the "Water Monsters" have experienced any major difficulties this season—

Gale V and Tempo. The Detroit based Gale caught fire in the Seattle Seafair Regatta last Sunday, but is expected to be repaired and back in the running for the Madison Race. Tempo was damaged in a transportation accident earlier in the season, but the unique four-seater has been completely overhauled and might make it to Madison.

Davidson has already received application commitments from "Blue Chip" and "Miss St. Regis" while he's expecting at least 12 to 15 other unlimited hydros to make the trip to Madison. "We might have 17 boats here for this year's race," the regatta chairman pointed out.

Definae word from many of the participants in the Seattle Race is expected early next week.

The Indiana Governor's Trophy Race will feature a battle between the top boats in the national point standings—Miss Bardahl and Madison's community-owned hydroplane "Miss Madison".

"Miss Bardahl" will bring a total of 1,975 points into the Madison Regatta while Miss Madison is second in the National Standings with 1,464 points.

The 3rd place boat in the standings - Miss Exide—is also expected to be here, to defend her victory scored last year in the Governor's Trophy Race.

Miss Exide trails Miss Madison by only 193 points in the standings.

Miss Bardahl edged out Miss Exide in the Seattle Seafair race by 2/10's of a second in elapsed time for the victory, worth over \$7,500. Miss Madison finished 3rd in that race.

Indiana Governor Matthew E. Welsh presented the sterling silver Governor's Trophy to driver Bill Brow following last year's regatta when Brow surprised the field by winning in Miss Exide. The Governor is expected to be on hand for the trophy presentation this year.

The big weekend of racing will begin early this year as the unlimited hydroplanes, capable of churning up the waters of the Ohio at speeds of nearly 200 miles per hour, will make qualification runs on September 4. Limited boats will race on September 5, and the Sunday, September 6, schedule will feature six or seven heats of unlimited racing with 5 of the big gold coppers battling in each heat.

## Kentucky Has Ten Flower Show Judges With Master Certificates

Mrs. Warner R. Jordan, Louisville, State Chairman Flower Show Schools, The Garden Club of Kentucky, Inc., announces that nine (9) Accredited Flower Show Judges have received Masters Certificates. This brings the total to ten (10) judges with Masters' Certificates.

The first Kentucky judge to hold a Masters, is Mrs. E. A. Caslick, Paris. This number compares favorably with other states - New York has 11, Illinois 1 and Kentucky 10, with 94 judges.

In addition to Mrs. Caslick, seven of the judges live in Louisville and include, Mrs. E. A. Converse, Jr., Mrs. Rolland L. Fifer, Mrs. J. Richard Gott, Jr., Mrs. Warner R. Jordan, Mrs. Darwin A. Reavis, Mrs. William B. Tabler and Mrs. Joe A. Wallace. The others are Mrs. J. C. Lamb, Lexington and Mrs. Martin A. Niswonger, Frankfort.

In order to receive a Masters' Certificate, 32 examinations must be passed, 20 to 30 books read and reviewed. A total of five (5) courses taken which cover such subjects as: Horticulture, Flower Show Practice and Flower Arrangement, as well as leaving to "Point Judge" several kinds of Plant materials and to "Point Judge" the many types of Flower Arrangements these last two are the most dreaded, as the score should fall within five points of the Master Panel.

A 12-19 year period is required to secure the Masters' Certificate. Six certificates are issued during this time, the first step being the "National Amateur Judging Certificate", which must be re-noved three times, three years apart. The Life Certificate is then awarded, and after two ADVANCED COURSES, final examination is taken, and if successfully passed, a Masters' Certificate is awarded.

Such a course was given in Louisville this past July and was sponsored by The Kentucky Council of Nationally Accredited Amateur Flower Show Judges.

Flower Show Schools are

sponsored throughout Kentucky and other states. Kentucky has 152 garden clubs, with 20 in the Louisville area. At present, Danville has a series of schools sponsored by the Blue Grass District, Mrs. William Balden, is the school chairman.

Louisville also has a series, sponsored by the Louisville Council of Federated Garden Clubs, with Mrs. Rolland L. Fifer, as local chairman.

Mrs. Fifer will be remembered in Hazard for her program "Cindy's Floral Beauty" given in June by the members of the Mountain View Garden Club and the Perry County Garden Club.

The Flower Show Schools are taught by competent instructors and recommended by National Council of State Garden Clubs for those who may want to become a Flower Show Judge, or for those who want to learn more about growing plants and arranging plant materials.

Having 10 Masters' Certificates Judges in Kentucky is a record within itself, for other states having many more judges do not have this many Flower Show Schools were inaugurated back in the early 40's and this accounts for Kentucky having so many. The Schools are partly supported by the State, they pay the Chairmen's "running expenses" and since the Schools themselves are only partially self-supporting, the balance is taken care of by a local organization.

Anyone interested in Garden Club work may contact, Mrs. Gene Combs, Meadowbrook, Hazard, President of The Garden Club of Kentucky, Inc., or Mrs. W. J. Cartledge, Route 1, Anchorage, President of the Louisville Council of Federated Garden Clubs.

## Drying Of Plants Fascinating Hobby Which Does Not Require Expert Skill

The drying of plants is a fascinating hobby. Anyone can participate in this decorative art since it does not take expert skill, nor require elaborate equipment.

Arrangements of dried plant materials are no longer considered as a luxury, or a hobby of a few; they have become a part of our culture.

You make a dried arrangement in the same way as you make any other arrangement. There is nothing tricky or difficult about it. You create a picture and if you think of it in that fashion you will unconsciously apply the basic principles of design to your arrangement.

So-called rules of arrangement are natural expressions of good taste and discrimination. Successful arrangements must be properly composed, proportionally balanced and harmoniously grouped. Each should have a logical plan for relating the component parts of the design to one another, and each part to the finished whole. The container to some extent will govern the shape, form and style of the plan.

The construction of any design is a personal choice. It is easier to start at the top of a design and work down. Block out an outline or skeleton, when this is completed you begin putting in placements of plants. This should emphasize the lower portion of the design.

One of the most important parts of any dried arrangement is the container, which may be an expensive vase, sea shell, old candle molds, lamps, milk glass, iron stone, various colors of cut glass, earthenware or baskets.

Since dried plants do not require water, the scope of containers is not as limited as for living flowers.

Nature's own handiwork has created numerous pieces of dried wood, sometimes called driftwood, which is used very effectively with dried plants. This wood can be found in our own vicinity - along roads where trees have been felled by an axe or severe storm, or by our river banks. This wood in unusual shapes and forms can be further aged by drying, polishing, varnishing etc. Decorative pieces of drift wood may also be purchased in florists

shops. Flowers that can be dried by anyone are Acacia, often called Mimosa at the Florists, China Asters, Bells of Ireland, Celosia (Cockscomb), Delphinium, Strawflowers, Statice, Baby's Breath, Heather, Marigolds, Zinnias, Cornflowers and especially Roses of every variety, since they are the loveliest of all dried plants.

The difference between an ordinary or outstanding dried arrangement lies in the effective use of foliage. Some foliage suitable for drying are: Anthurium, Bird of Paradise, Canna Leaves, Cat Tails, Dusty Miller, Ferns, Gladiolus, Lulus, Mullien, Eucalyptus (Gum Tree) and many more.

Don't be discouraged when making your first dried arrangement, practice improves your designs, and by show time you will become an expert arranger and your exhibit may receive a Tri-Color Award, or an Award of Distinction.

## Ky. Congress Of PTA Meets AT Morehead

"Progress Through Action—Our Challenge for Parent Responsibility" was the Theme of the Ninth Annual Short Course in Parent-Teacher Leadership July 21, 22, 23 on the campus of Morehead State College by The Kentucky Congress of Parents and Teachers, with Mrs. C. B. McClaren, President presiding.

Delegates from the twelve districts in Kentucky were welcomed by Dr. Adron Doran, PTA's could help on some of the issues involved. That morning, with greetings from the Morehead State College and Family Life Protection Hendrick, National Representative.

A Symposium "Family Concern" was lead by Mr. Ray Hornback, Asst. to President of Morehead College, and Chairman of Cooperation With Colleges on Board of Kentucky Congress of Parents and Teachers.

Mr. Gabriel Banks, Hon. Chaplain of Morehead College in home and school. "Community" discussed "Are we preparing our young people to make morally sound decisions? He emphasized that the nursery and school are times to teach moral and spiritual truth and values. He further stated that we want

our children to be healthy, normal in body and mind. To grow, gain knowledge and conduct themselves accordingly. To be educated and grow into useful, functional citizens.

Dean of Students, Mr. Roger Wilson stated that Adolescence problems have no one answer. They need correct information, proper examples of conduct, more useful occupation, fewer social customs, security in the home, right relationship between parents.

Mr. Nelson Groete, Chairman of Division of Applied Arts, of the Morehead College asked if our modern way of life encouraged cheating, and answered by stating that "Cheating is not a childhood trait, but a form of behavior, results of which are related to a goal." Remove

some of the pressures on a child, encourage him to achieve, teach him to learn for the sake of learning, stress the honor system.

"How can the proper balance be established between home responsibilities and outside interests?" was ably discussed by Mrs. Lillian Mae Jones, Teacher of the Department of Education, Mrs. Russell Marshall, Kentucky Department of Education, Mrs. Duard Narramore, Jenkins with Miss Barbara Garret PTA President, and Miss Lois Lyons, Student at Morehead Narramore, Delegate speaking on "Youth Speaks." HAZARD, KY.

# SLANTS ON SPORTS

By Oscar L. Combs  
Herald Sports Editor

It's about that time of year again when pads start popping and the sweat starts pouring as the local Hazard and M. C. Napier football clubs swing into full action.

According to coach Ed Wilson of M. C. Napier, Hazard is still the team to beat in the Eastern Kentucky Mountain Conference race. Although Hazard is strong, Ed has high hopes for 190-pound freshman GENE RITCHIE.

"Gene is a hard runner and already owns two years of high school experience," said Wilson. Ritchie played while in the seventh and eighth grades.

The Navajos open their season with Wheelwright at the M. C. Napier Athletic Field on August 21.

Hazard coach JACK CAREY will be minus two great stars in BUTCH GREEN and RICHARD MAGEE via graduation. Green, noted for his spectacular runs during his last three years at Hazard, will be hard to replace. The bright spot on the Bulldog eleven is the big linemen. Other than the linemen (tackles and guards especially) the Carey squad is much smaller than usual. Two of the biggest Bulldogs this year are senior JERRY COMBS and junior O. J. ROWE.

Itching for another EKMC crown after being disqualified last year when they had to forfeit three victories, the Bulldogs are expected to regain the title of Eastern Kentucky.

Long time assistant coach at Carr Creek High School, GEORGE FRANCIS, will take over head basketball coaching duties at Harlan High School this year.

Francis has been noted for bringing up some of the best boys throughout grade school and "B" team basketball at CARR CREEK. Some of the most recent outstanding boys he has coached are Mickey Gibson, Glenn Combs, Lewis Couch and William Pennin.

Hazard will get a shot-in-the-arm during the 1964-65 basketball season according to reports. Junior guard BILL MORGAN who played for Fulton High in Knoxville, Tennessee, last year has returned to Hazard and decided to play the rest of his prep-ball here.

Morgan was a big help to Fulton High last year in aiding the Knoxville team to the semi-finals of the state championship.

Basketball coach Roscoe Shackelford will have quite a line-up for the 14th Region foes when the hoop season opens in early December. Along with Morgan will be last year's freshman sensation JIM ROSE along with Freddy Hogg, 6-7 Chester Rose, and 6-3 David Olinger.

There will be a Back-To-School dance and bowling party at Perry Bowl Wednesday night according to manager Charlie Freeman. The dance and bowling party will be for youngsters in the seventh, eighth, ninth, and 10th grades.

Little League football is now shifting into full gear according to commissioner MOSCOE BLACKBURN. The four teams made up of Walkertown, Lothair, and two (Whites and Reds) from Roy G. Eversole.

Coaches for the teams are: CLIFF BARNETT and TOMMY HANSEL for the Whites of Roy G. Eversole, PAUL TOWNES and BOB LUTES for the Reds, SHOCKEY BOWLING of Walkertown, and PICK ROSE at Lothair.

The complete Little League schedule will be published at a later date.

Two Hazard athletes, who graduated last year have signed college grants in aid.

Speedster BUTCH GREEN has inked a scholarship with VPI where his brother, NEWT GREEN played for four years and received many honors.

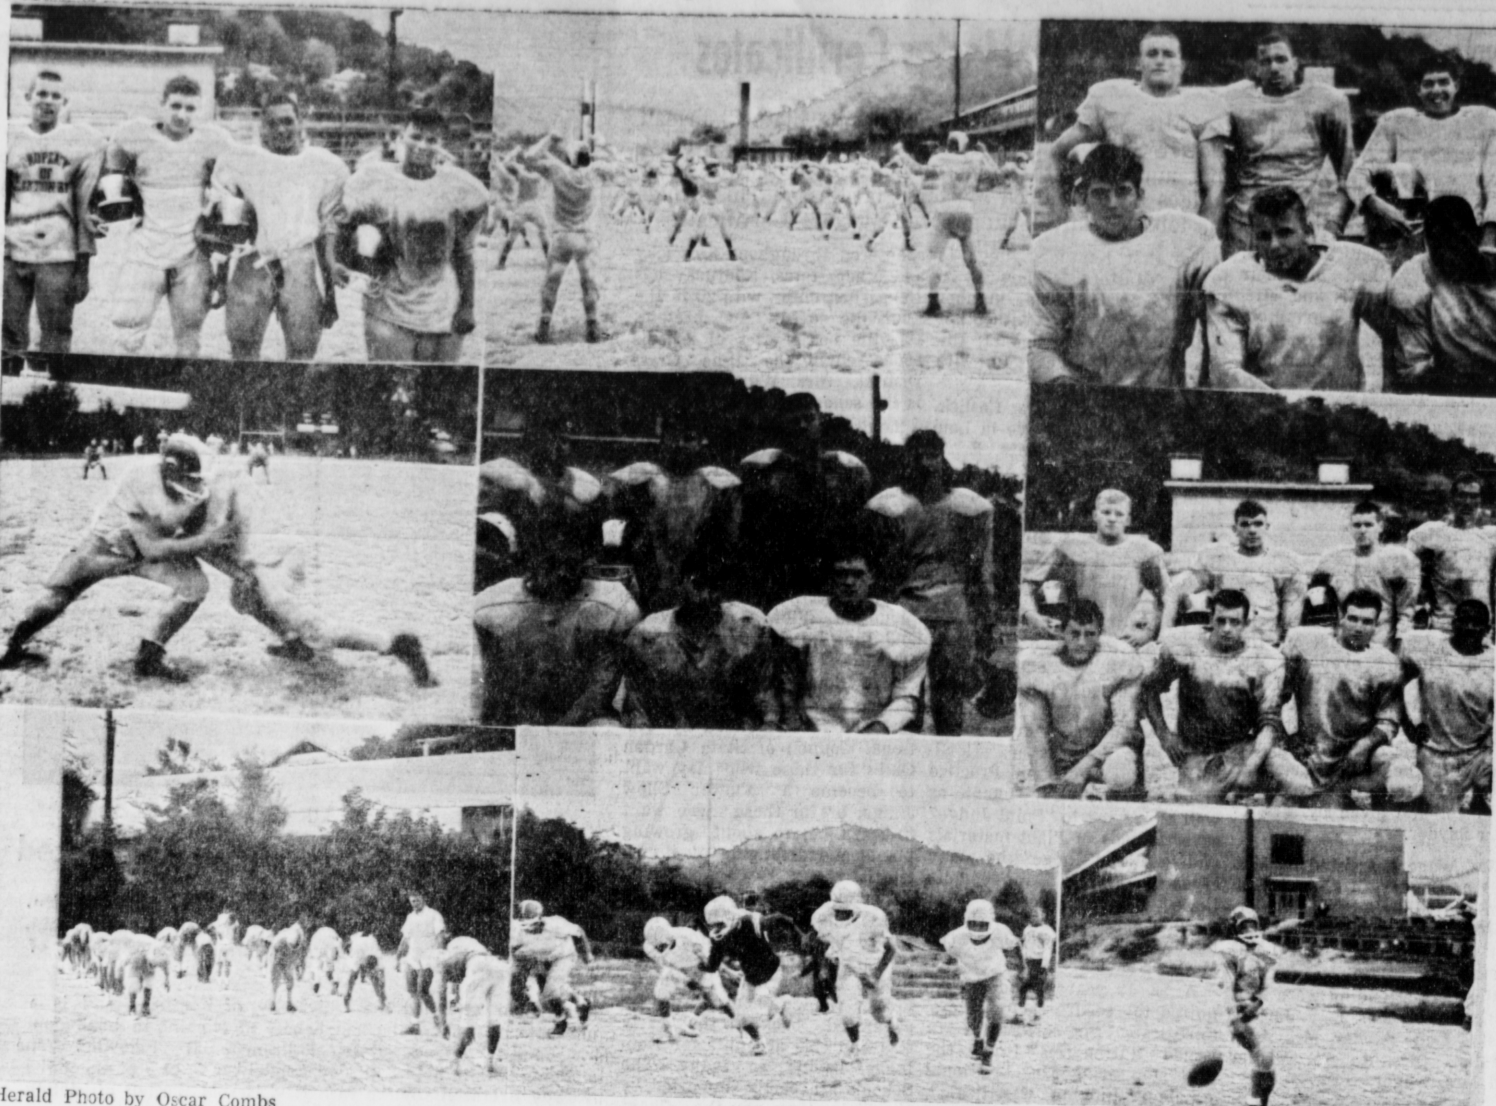

KENNY TATE has signed a scholarship with Eastern Kentucky State College at Richmond. Tate's grant is for GOLF. His most recent fame was capturing the Annual Finley Cisco Invitational Golf Tourney at the Hazard Golf Club.

There are still a few group pictures of the Little League baseball teams available at The Herald office. Pictures are available of all teams except the Indians, Yankees and Dodgers. Parents should purchase a picture of their youngster as a young baseball player. A large 8 x 10 glossy print is only \$1.25.

Dilce Combs gets their bi-annually coaching change over. HARVEY COMBS, a June graduate of Kentucky Wesleyan College at Owensboro will replace BILL BACK.

Combs' biggest worries seem to surround 6-3 junior Carson Lewis. Lewis underwent a knee operation last year and has not fully recovered yet.

## Hazard Bulldogs Eye EKMC Grid Crown

COACH JACK CAREY'S HAZARD BULLDOGS ARE EYEING ANOTHER Eastern Kentucky Mountain Conference title this year. The Bulldogs open their 1964 campaign August 28 with Wallins at Collins Field. The Hazard eleven will take on a 10-game schedule with six of the contests on foreign soil. Shown in work-outs last week at Collins Field along with the Bulldogs are the two Little League teams of the Roy G. Eversole Elementary School. The picture in the top left-hand corner shows the sophomores on the Bulldog squad. They are Dick Farris, Paul Morris, Bevin Collins, and Cordell Cox. In the middle photo of the top row are the Bulldogs going through exercises and the juniors are shown in the picture at the top of the right-hand corner. They are kneeling: Puggy Reynolds, Mervin Cox, and Gordon Cox. Standing are O. J. Rowe, Junior Walker, and Hoppy Cox. Hazard's yearlings are knocking head in the photo in the left-hand side of the middle row. The freshmen are shown next to that. They are Morton Perkins, Gary Horn, and Charles Craft. Standing are George Tackett, Phil Napier, John Fitzpatrick, and Coburn Combs. The pictures in the bottom line are left to right: White team of Roy G. Eversole, Red team of Roy G. Eversole, and OOPS, that's Coburn Combs fumbling the pigskin.

## Eastern Ky. Passes New Athletic Rule

The Eastern Kentucky State College athletic committee today adopted a policy that prohibits the exchange of trophies between its athletic teams and teams of other institutions.

Basis of the new policy, drafted in the form of a resolution by the 11-member committee, is that "such policies contribute to unwholesome attitudes and practices contrary to the best interests of the academic program."

The committee also adopted the symbol, "Colonels," as the college's official trademark for its athletic teams. Eastern's teams have been called the Maroons and there has been no mascot, or symbol, for its teams.

For publicity purposes, the Kentucky Colonel will be symbolic of its teams, but the official nickname will continue to be the Maroons.

The executive committee of the Eastern alumni association

endorsed the symbol last week at its summer meeting.

The resolution prohibiting the exchange of trophies stated that "policies of agreements with individual institutions which tend to give unusual recognition to specific contests of events through the awarding of trophies utilized as symbols of winning seem contrary to the desired maintenance of balance."

"Therefore, the athletic committee hereby resolves that any agreements between Eastern Kentucky State College and a single opponent to award or transfer possession of a trophy to the winning team are prohibited."

It also stated that any existing arrangements of this nature "shall be terminated and permanent possession of the trophy be given to the institution which the agreement was made."

The committee instructed athletic director, Glenn Pressnell, who is an ex-officio member, to inform athletic directors of institutions with which agreements exist of the policy.

In the resolution, the athletic committee stated its responsibility for maintaining balance in athletic programs in three areas:

1. With respect to and as a complement to the academic program of the institution.
2. Among the various intercollegiate and intra-mural program on the campus.
3. Among the various institutions with which athletic contests are enjoined.

## Bobby Watson Returns To "500" August 22 At State Fairgrounds

Bobby Watson, Fairgrounds Motor Speedway's 1962 Late Model Champion, who said he left Speedway this spring for a \$300.00 per night guarantee for racing exclusively at another area track, will return to Speedway, Saturday night August 22, to compete in Speedway's 3rd Annual International "500".

According to a telegram received from John Marcum, president of the Automobile Racing Club of America, (the sanctioning body for central U. S. stock car racing) A R C A has accepted the applications of Watson, Jim Robinson, Stu Shouse, Elmer Davis, Don Gettlefinger, and Jerry Norris, and has granted them permission to race at Speedway in the International "500".

The pre-race favorites of course are, Andy Hampton and Jack Purcell, co-winners of the '61 500 lap Kentucky Stock Car Derby. Jesse Baird, winner of the '63 second Annual International "500", Roy Wathen, Ken Rieter and Charlie Glatzbach.

Not to be counted out however are such A R C A stars as Harold Smith, the '62 winner, in his 64 Plymouth, and Jack Bowsher and Iggy Katona A R C A past year Champions, in their '64 Fords along with the other New Car stars of Fairgrounds Motor Speedway and A R C A.

Thirty three of whom will go to the post this Saturday night in the Nations Number One Short Track New Car Classic Auto Race, Speedway's own 3rd Annual International "500".

## Lothair Wins 2 From Letcher Co.

Lothair put together a solid hitting attack and an excellent pitching exhibition to trounce Letcher Co., in a doubleheader by scores of 14-1 and 12-3 to run their season record to 31-7.

Gene Smith pitched a two-hitter in the opener striking out 17 in gaining his 17th victory against four losses. Marvin Meadows collected three extra base hits and drove in five runs in leading the strong 20-hit barrage.

Jerry Hall, recently joining the team after being released from the military service, hit two home runs and also drove in five runs.

Pick Rose, Gene Smith, Ken Cobb, and Gene Meadows had three hits each to round a strong attack in the first game.

Smith fanned 10 and allowed one hit over the last four innings winning his 18th contest as Lothair took the nightcap 12-3. Trailing 3-0, Lothair put on a hitting parade while marking up 14 hits to take the twin bill.

## Latonia Race Track Offers Special Day

Senior citizens who enjoy an afternoon at the races are in for a pleasant surprise when the thoroughbred season opens at Latonia Race Course on September 4.

Each afternoon of the 42-day season, which extends over two meetings this year, management at the Northern Kentucky center will invite its Golden Age Club members to be their guests. Not only will senior citizens (65 and older) be admitted free upon presentation of their membership cards, but will also be entitled to choice seating in sections of the newly-refurbished plant reserved for members only. In addition, members will be offered a budget buffet at a special price for senior citizens only, every Monday and Friday.

Latonia became the first race track in the country last year to salute senior citizens when it established racing's first Golden Age Club. The idea proved so popular and was so warmly received by elderly residents in the area that management decided to extend the offer on a daily basis.

Anyone 65 years of age and up can become a member by simply writing to Frank E. Tours, executive vice president, Latonia Race Course, Box 75007, Cincinnati, Ohio. Membership cards will be necessary to gain these special privileges of the plant.

A \$300,000 improvement program is now in its final stages at Latonia. Many new improvements will be offered to area racegoers when the Northern Kentucky thoroughbred center opens a 24-day stand on September 4. A second meeting is slated for November 23 through December 12.

### Buckhorn VBS Is Successful: 33 Enrolled

By J. Anderson Hamblin

The annual Memorial Meeting will be held at the old Johnson Gravelly below Buckhorn, Ky., on August 23, 1964. Rev. Oscar J. Amis will be in charge of the services, but an invitation is cordially extended to all ministers to participate. Also any group or quartet will be welcomed to sing any special numbers they desire.

Come bring the children and all your friends.

Charlie Smith, his wife Callie Smith, their son and daughter-in-law Glenn and Dallas Smith and grandson Rickie are visiting their sisters Lillie McDaniel and Amanda Gay. We were happy to have them as visitors at the Big Rock Bottom Baptist Church.

The joint vacation Bible School of the Buckhorn Presbyterian Church and the Big Bottom Baptist Church was a success. The Baptist Church furnished transportation and two teachers. The program rendered by the children of the Baptist Church proved very inspirational. The enrollment from the Baptist Church was 33 with the following with perfect attendance:

Preschoolers, Barbara Adams and Bobbie Jean Abner.

Primary — Benny Adams, Bobby Adams, Wade Abner and Lois King.

Juniors — Judy Evercole, Bonnie Abner, Betty Lora Abner, Darlene Abner, Regina Abner, Viola Faith McIntosh, Frank Combs.

Seniors: Polly Eversole and Peggy Eversole. Others who attended were Kathy Combs, Tony Abner, L. C. Daniel, Thomas Abner, Lana Sandlin, Gary Daniel, Jessie Abner, J. C. Abner, Nadine Abner, Kathy Abner, Patry Combs, Willie Dan Daniel, Alice Combs, Brenda Combs, Wilson Sandlin, Taylor Combs.

Teacher — Mrs. Eva Mae Combs and Eva Eversole.

The regular services of the Big Rock Bottom Church held in conjunction with the Memorial Services of Elizabeth Ingram Smith was well attended.

Ida Amis, who has been on the sick list reports that she is feeling better.

### Ferguson's Attend Homecoming In Morgan County Sun.

By Mrs. Sam Ferguson

Miss Mary Anne Alcorn went to Montreat, North Carolina, last week, returning Sunday.

Mr. and Mrs. Brown Campbell, Jr., and children of Florida visited the Brown Campbells last week.

Mr. and Mrs. W. H. Ferguson and sons, Harold, Gary and Casey, the son of Mr. and Mrs. W. H. Ferguson, fell last week and cut a gash in his head. Four stitches had to be taken.

Mr. and Mrs. Johnnie Campbell and son, Johnnie Joe, of Newport, and Mr. and Mrs. Tom Grassy Lick Church Sunday in Morgan County. They had an old-fashioned dinner on the Scotts and Mrs. J. D. Whitaker

ground. We also enjoyed the Pathfinder Choir from Ohio. I met so many of my old friends and schoolmates I hadn't seen in years.
